The delivery to Brazil was faster, in less than two weeks I received the product. It's really worth to buy this book, He is the best for international student who wish to increase their abilities into English

language.

I ordered this book 3 weeks ago and after 2 weeks (from USA to Italy) it arrived. It's a must book, especially if you are studying to get the FCE exam (B2) or the CAE exam (C1). There are many units about:- Present and past; - Present perfect and past; - Future; - Modals; - Passive; - -ing and to; - Articles and nouns; - Relative clauses; - Conditions and prepositions; - Phrasal verbs; etc... Eventually, there are a lot of appendices, about verbs, the differences between the BrE and the AmE, spelling and about additional exercises. Maybe, a little weak point is the amount of exercises (not too many, in my view).

I bought it for my boyfriend, who needs to learn grammar :) It is perfect and he is learning fast with CD and a lot of examples.

Excellent grammar book : clear explanations and real-to-life exercises. I highly recommend it to all learners of English.

Thanks

This book is perfect if you are about to start learning English on your own. After finishing this book you will have the level of English enough to start preparing for TOEFL or IELTS.

ok

The book is excellent, I recommend it to every english learner, it is a very didactic book. I intend to buy the advanced version now. It didn't take too long to arrive, considering that I live in Brasil, and it came in perfect conditions.
