Scavenger Hunt (Book 4 Aylesford Place Series) (Aylesford Place Humorous Christian Romance Series)

Synopsis

Humor and touching moments abound in this fourth installment in this series about a neighborhood that everyone describes as the neighborhood in which they would like to live. That might be because of or in spite of the quirky characters who live there. This time a scavenger hunt and a surprise gift to everyone from the street's wealthiest neighbor replace the pink flamingo, older adults shooting paintball guns, and croquet in the snow of the first three books. But once again well-known and little-known holidays are celebrated by all, creating a delightful time for characters and readers alike.

Customer Reviews

I am attached to the neighborhood as well as the people who live in this place called Aylesford Place! I want to live there! And the best part is that I will be living in a place called Heaven with Jesus and all my friends for all eternity. I look forward to seeing you there too! Thank you, Mr. Author, for such happiness and deep thinking. Will there be a number five?

nice escape from the real. The biggest threat in this neighborhood is getting pranked by a friendly loved one. kenny is the only one that seems not to have a perfect life. he evokes some sympathy.i would enjoy some character development, which just like real life, comes with trials and loss.

The 4th book in the Aylesford Place Series is the best so far. I look forward to more in this series. I enjoyed the encounter with Cy and Lou from the author's Cozy Mystery Series. A group of neighbors that worship and play together make up Aylesford place. I invite you to join them on their adventures.

I always enjoy my time on Aylesford Place. I wish Brad and Amy and the other newlyweds would start having children. I'm sure it would be amusing for them to have "help" from the neighbors. The next one could be called Baby Shower. I also enjoyed having Cy and Lou show up. Now I want to read Murder on the Front Porch. Keep the books coming!

This 4th book really expressed the love all the neighbors have for one another. Everyone is so thankful ,helpful and playful. These books are easy reading comforting and delightful. Steve smeared is number one on my list of authors. Thank you

I love this series, love this author, and can't wait to read his next book. The characters in this story are so real to me, I often find myself wondering when their next story will be out so I can check up on how they are doing. I also love that some characters from his other series find their way into a cameo in the book.

Great read. Found myself laughing, almost crying and just having fun with these characters. While it can easily be read as a standalone, I recommend reading the whole series. The characters are engaging. Sounds like the kind of neighborhood I'd love to live in! Good work, Steve, on another fun read.

I truly love this series. This book, however, just didn't seem to have the author's heart in it. I hope he falls in love with his characters all over and continues their wonderful stories.
