Customer Reviews

"Skeletal metastases are both a common and devastating consequence of a spectrum of cancers. Significant advances have occurred in our understanding of the pathobiology of this process. This text provides a comprehensive review of current investigative findings and their clinical implications." (Steven T. Rosen, M.D. Series Editor)

dear ,at this time march 25 9,0 p.m. I still not receiving the book I have ordered on february and already payed. Could you check where is my stuff and let me know.I appreciate your attention and I wait your answersincerelycesare s ricciardi
