# Afro Hair Of The Ancient Egyptians And Blackheads, Africans Of Mesopotamia

## **Synopsis**

The Caucasian appearance of the hair on Egyptian mummies has been skillfully avoided by many Black scholars. Professor Diop appears to have been the only scholar to give it even a cursory treatment. We believe had he lived beyond 1986 he would have given the question the detail of attention it deserved. We conclude this because of the scientific pioneering spirit he showed in conducting the melanin dosage test is the same one that would have been required to solve this problem. This booklet deals with the contentious issue and puts it to rest. The ancient Egyptians had Afro hair! Professor Cheikh Anta Diop used the multi-disciplinary method to prove that the ancient Egyptians were Black. Now for the first time the ancient Mesopotamians are having the same multi-disciplinary approach applied to them. There is also a review of their political history and spiritual accomplishments. Art, anthropology, religion, and history show the Mesopotamians of ancient times were Black. This book was presented as a lecture alongside Dr. Ben in October 2001 at the Dr. Ben Memorial Lecture in London.

I have probably all of his books by now. WOW!! anu M'Bantu Books are purely a great read. This Man is so knowledgeable about ancient history, it almost unbelievable. I had bought over 40 books on ancient history prior to knowing this Author. I ran across one of his book: Unmistakingly Black: Sculpture And Paintings From the World's First Civilizations, By Anu M' Bantu, on while searching and researching Ancient history. The book was so condense, straight to the point, and definitely on point. I could not put it down. I wanted more of his knowledge. I must have bought every single book

over time to date. In the Process, I came across an author Mr. Bantu had Mentioned, " Gert Muller," he was just a great writer that pays intimate attention to detail. These authors appear to know precisely what an actual knowledgeable researcher or a novice in history would actual want to know about history. Further these two Author's Books are never long and drawn out, very, very easy to understand from ancient artifacts showed and displayed detailing actual facts to forensic detailed and explained. Mr. Muller's book too,I think I may have bought every single book he has authored and are on .The Black Madonna, Christ, and the Black God and Goddess of the Bible, by Gert Muller.....A MUST read, from Ancient times to Present Day.... Where she is Worshiped in Europe and further worship by the Ancient Popes to Present day Popes. google who the Pope prays too. The purchased this book, and Mr. Muller will explain in detail why it is so done by the Popes and many parts of Europe even to date. An excellent read. People must know the truth, I believe, it will surely set One free.....

Read some of it and realize that that african race was all over the world. It's deep when u understand a little about history and culture. It makes u feel good and beautiful in side. I really realize how amazing GOD is. EveryThang else is second.

good book. good condition as described.

This book was however brief but informative. I never consider or thought about the Egyptians' having Afro Hair, because in most pictures of them even the mummies; their heads are covered or shaved. Based on the fact, being on the continentOf Africa; it is a reasonable deduction which should receive more attention and not hidden.

Fascinating book, a must read for those who inquire about ancient ways and care techniques. I will pass this on to others.

It tells the truth about how people really looked Egyptians were black people Hebrews were black people

Good reading

Great little study of Egyptian hair. Fairly scientific explanation, but little to do with the styles and

achieving them. Sill, many enlightening information.
