Customer Reviews

The difference this made in my daughter's technique has been tremendous. Great book for both beginners and for refreshing on the basics.

If you want to play like Kavakos you have to master your Sevcik. No doubt about it. This is an essential in violin pedagogy.

this was suggested by my daughters violin teacher. It's been a good guideline for her. Her former violin teacher did not stress technique that much, so this is important.

Great book. Tons of exercises, but you don't need to stick to one until you make it perfect. The point is to go over them, one per week or two and move on. Very useful. But you need to learn to read music first. I'd recommend Suzuki books or All for Strings books and go over the fingerboard. It'll take you year. Then pick up Sevcik.
