great for beginners

I use to enjoy drawing and painting in my younger years but my work life and my family kept me quite busy. Now that I'm retired I have time to play with these things again and I thought I would give pastels a try. This book gives me a good point to start at. It is very easy to understand and living in Maine I have plenty of projects to draw.

Pleased with purchase. Thank you.

Good guide for inexperienced pastel artists.

good book came on time
