Mortgage Loan Monthly Amortization Payment Tables: Easy To Use Reference For Home Buyers And Sellers, Mortgage Brokers, Bank And Credit Union Loan ... Of A Given Amount, Term, And Interest Rate.

Synopsis

Monthly Payment Amortization Tables for Small Loans is a practical tool for anyone who needs to calculate mortgage loan payments, and prefers to do it the old fashioned way. It includes clean well laid out tables for mortgage loans from \$20,000 to \$1,000,000, interest rates from 1.00% to 20.75%, and terms from 3 to 40 years. One mortgage loan amount per 2-page spread allows you to quickly compare how varying interest rates and loan term options affect monthly payment. 5x8 paperback size is perfect to bring along to your bank, mortgage broker, credit union, real estate agent, or attorney. It's also a great tool for any bank or credit union loan officer, mortgage broker, real estate agent, attorney, or accountant. Accurate printed tables work every time, even when tablets and smartphones don't. Needs no batteries or chargers, no software updates, and virtually no learning curve - just turn pages to look up your numbers! It cannot be hacked, and does not suffer from broken screens. Works every time!

Accurate printed tables work every time, even when tablets and phones don't. Needs no batteries or chargers, no software updates, and minimal skills. Cannot be hacked, and does not suffer from broken screens. Use it over and over again, it will last a lifetime.

This is a good reference book. It is noted that there are computer programs that will do the same thing but this is portable and easy to use. It is not a book that I will use every day but I am glad I have it!

I ordered this book for our business, Fleming Appraisal and Investment Company, and it is exactly what we needed. It is making our work easier. I highly recommend this if you need to work with amortizations.

Very helpful for my Real Estate business and for my clients.

Exactly what we needed. In great condition, too.
