# Reasoning With Law

## **Synopsis**

This book attempts to demonstrate how the problems of understanding legal reasoning replicate difficulties encountered in the philosophy of language. At the same time, it challenges the attempts that have been made to harness approaches from within that discipline to illuminate legal reasoning. An introductory section deals with some preliminary matters in considering the nature of the relationship between legal theory and the practice of law, the scope of legal reasoning, and the role of the judge. Then the suggestion is made that the practice at the heart of legal reasoning is itself a manifestation of the way in which the limitations of language and the incompleteness of human experience at the same time provide the opportunity for coherent development, as well as displaying an inherent instability. The final section considers some of the implications of this suggestion for the practice of legal definition, an institutional approach to law, the general possibility of providing a theoretical model of law, and the nature of law's critical aperture.

## **Book Information**

Paperback: 224 pages

Publisher: Hart Publishing (December 31, 2001)

Language: English

ISBN-10: 1841130702

ISBN-13: 978-1841130705

Product Dimensions: 0.8 x 6.5 x 9.5 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

## **Customer Reviews**

Reasoning with Law is a significant contribution to the field of analytic jurisprudence. It is a work praiseworthy for its precise and rigorous development of argument, extraordinary clarity of exposition, admirable depth and breadth of learning, and highly engaging prose style. Halpins' Reasoning with Law should be of great interest to anyone working in the field of analytic jurisprudence or the judicial power, and it will well repay a careful reading. Jack Wade Nowlin, University of Mississippi The Law and Politics Book Review February 2002

Andrew Halpin is Professor of Legal Theory in the School of Law at Swansea University.
