Gun Digest 2017

Synopsis

THE 71ST EDITION OF THE WORLD'S GREATEST GUN BOOK! Generations of firearms enthusiasts have used Gun Digest as the number one source for information on guns old and new for hunting, target shooting, collecting and personal defense. Whatever your interest is in relation to firearms, you'll find it in these pages. Informative and entertaining articles by the top writers in the field cover the latest rifles, handguns, shotguns and related gear. In this edition there are stories on classic Colts, Winchesters, Lugers, Mausers, Remingtons, Marlins and Springfields. New models are featured from Ruger, Smith & Wesson and Savage, and there is up-to-date information on the growing popularity of suppressors, opinions on survival guns, how to really test your marksmanship, and shooting lessons from some of the world's top shotgunners. All this plus our 160-page catalog and buyer's guide to all of today's guns, updated ballistics tables, and a web directory to the firearms industry. Gun Digest is the most comprehensive collection of firearms information in print today! IT'S ALL HERE! Customer Reviews

Jerry Lee has been editor of several major firearms publications including Guns Magazine, Handguns, Rifle Shooter and many Guns & Ammo special issues. He has also contributed to the

online edition of American Rifleman and is the administrator of the Guns & Ammo online forum. In addition to Gun Digest, he is editor of Standard Catalog of Firearms, author of Standard Catalog of Ruger Firearms and past contributing editor of Modern Gun Values. This is his fifth edition as editor of Gun Digest.

Great read as ALWAYS! Lots of useful knowledge and great tool for current firearm pricing. My main goal is to simply inform a potential customer of any positive or negative attributes about the product and its effectiveness or performance, just as I would like to know for myself. My review is solely based on my personal experience with this product and hope that this review helps with your decision to purchase. If you find that this review was at all helpful, I simply ask that you indicate so by voting the YES button below. Happy Shopping!

This is a good book and I recommend that every serious shooter have it in their library. It is a quick way of looking up a gun that you hear about or checking to see what gun a specific company manufactures. I have found the address list in the rear useful to find the current address of companies in the firearms business. The only negative is that you really only need to buy to buy this book every couple of years as it doesn't change that much from year to year!

Not much good for pricing. Very disappointed with the 2017 addition. Haven't bought since 2005. Then it had pictures of different variations and more detail. The 2017 version has very little (fraction) of this. Can't price the variations in models (if they are included).

Very disappointing. Too many historical articles, historical weapons, black powder, reloading, and articles that previously failed to find a publishers. The ballistic tables have limited and missing information ammo. The revolvers and pistol catalog sections are missing numerous popular handguns and have very limited info on the handguns that are shown.

Looking for the right handgun, on the fence. This textbook should help make up your mind. It tells you everything you need about handguns. Good commentary.

My husband loves this book. He reads it every night. Best Valentine's gift I ever bought him.

Not enough history, Very unorganized to me.

Just what it says it is; a very, very comprehensive list of many makes and models of firearms. Prices are accurate when checked against other sources. Recommended for the firearms enthusiast.
