Kissed By A Dark Prince: Eternal Mates Paranormal Romance Series, Book 1

Synopsis

Olivia thinks it's her lucky night when a dangerously handsome, unconscious fae ends up on her inspection table. He's her chance to redeem herself with her employer, the demon-hunting organization Archangel. But when the tall, dark, and deadly immortal warrior awakes, she gets much more than she bargained for.... Attacked by his enemy in the elf kingdom, the last thing Prince Loren expects when he comes around is a beautiful angel watching over him and medical technology of the mortal realm. Hazy from his injuries, all he can focus on is the pulse ticking in her throat and the sweet allure of her blood. One single bite reveals she is his eternal mate, triggering a bond between them that will leave him weakened until it is completed...or broken and pulling Olivia into the crossfire of his ancient feud. To protect his people and his mate from the machinations of a madman, Loren must risk everything by working with Olivia at Archangel to find a way to break the bond blossoming between them. But will Loren be strong enough to place duty before desire and give up the one thing he has waited millennia for and craves above all others - his eternal mate? And will Olivia be able to resist the incredible heat that burns between them and the temptation of her dark prince's kiss?

Customer Reviews

Five OMG's for Kissed by a Dark Prince. I am beyond in love with this first book in the new Eternal Mates Series. I was drawn in from the beginning of the story, especially since I have a weakness for gorgeous, Elven Princes. Olivia is a doctor working for Archangel, an organization of demon hunters. She is a strong, beautiful woman who has some serious "demons" in her past that she must

overcome. When Loren, an Elven Prince ends up in her lab her whole existence is turned upside down. She finds herself half-bonded to this amazing immortal being, and thrown into a fantastic world of hot elves, demons, shifters, vampires etc. We wait, a bit less patiently than the Prince, for her to hopefully accept him and complete their bond. I was totally mesmerized by the world Felicity Heaton has created, a rich combination of fantasy, paranormal, magic, heroes and villains. In upcoming books in this series I hope we get to learn and explore more of the realm where the elves and demons reside. Loren is every female's dream. Beyond handsome, confident, honorable, loyal, sexy hot and that does not include his magical powers. He can definitely leave you speechless. He is royalty, a proud warrior. With those he loves he is protective, possessive and romantic. Underneath we learn he is sensitive and vulnerable. Loren has challenges, and choices to make between having to protect and serve his kingdom and trying to save his brother Vail. Now after centuries he has found his eternal mate. It is all a delicate a delicate balance. Loren and Olivia can not deny the powerful bond that grows stronger with each encounter. Their passion builds steadily from amazing first kisses to mind blowing sexy hot. The story is well balanced between suspense, action, romance and adventure. It truly was a book you did not want to put down. The secondary characters all have amazing depth and personality as well. Vail, Bleu, Sable and Thorne could all easily carry their own story within the series. More to look forward to. Again one of my favorite books of 2013. Towards the end I started to read slower as I didn't want it to end. Then I happily realized I'll just read it again. :D

Olivia is a doctor at Archangel, a Demon Hunting Organization. Something happened that made her fall from grace within the organization. She is relegated to doing studies on demons that are brought in who are hurt. The "demon" on her table tonight is bloodied, and unconscious. He resembles nothing she has ever seen or read of before. So, she cuts his clothes off and is cataloging his characteristics. Of course, she is still doing it when he wakes up. Loren, a prince of the Elven Kingdom, wakes to find himself on a table in some type of medical facility. Hurt, and needing to replenish himself, he bites and takes blood from the human standing over him. Bad move. It may have replenished him, but Olivia is his fated mate, his Ki'ara. The author does a good job of creating a demon world, consisting of different realms of this alternate universe. The interplay between the characters is great, and she brings in new characters and effortlessly interweaves the ongoing plot with these new characters. I was interested throughout the book, but there were some parts that seemed to be too drawn out. The book is very reminiscent of Larissa Ione's Demonica series, so if you like that series, I honestly think that you will enjoy this, too.

Felicity Heston has just sent me on a reading spree that definitely won't end until I have read the last book in the series (and most likely all her other books as well just to make sure I haven't missed a connection lol) I love how the relationship between Loren and Olivia grows. It's fast enough to keep it interesting but not so fast that you are left with the feeling thinking "what the heck?" On top of their relationship you get glimpses of the world/worlds/realms we will be seeing more of during the following books. And an array of other possible candidates we might (hopefully) be introduced to later on - like small teasers of what's to come. Apparently I'm a sucker for paranormal adventures and romance and if this book gives the reader any clue of what's to be expected from the other books, then we are in for a thrilling ride! I for one can't wait!

I bought this book with low expectations. The price was right. Was I happily surprised. Humans and fae and demons and witches and vampires play together and fight together in this tale of different worlds trying to coexist. I quickly was absorbed in the characters and personalities and found myself rooting for some and snarling at others. A fae prince, Loren, and a human doctor, Olivia, are thrown together as the novel begins. Their struggles involve many more characters and several worlds. Without giving away anything, it is quite a bumpy and twisted road to the novel's conclusion. No cliffhanger here, but more stories follow. I am buying the next one eagerly looking forward to the stories of characters introduced in this first story.

This is the first book I have read/listened by this author and I am very happy that I chose this. The storyline is an incredible action filled journey. The characters are complex yet likeable. While looking for something different to read I came across this in recommendations, I chose to one click this because it offered an audio option and I am very glad I did. Highly recommend!
