## Customer Reviews

I just began teaching myself how to cook Asian food in a wok. I've owned this book about a month and have already made 5 recipes from it. Recipes are very clear and easy to follow. All recipes include "how to" photos as well as a larger photo of the completed meal. The recipes are healthy and have been big hits with both me and my husband who normally doesn't care for anything "exotic. Just make sure you have all your ingredients prepped (the most time consuming part) before heating your wok. The actual cooking in the wok goes very fast. Great book!

It is an okay book but as a vegan I need to pick and choose recipes. For those who like stir fry with meat, probably a better deal.
