Most Popular Caribbean Recipes ~~~~~ Quick & Easy: Essential West Indian Food Recipes From The Caribbean Islands by Grace Barrington-Shaw

Never had Caribbean food so thought I'd like to understand it. Author does a good job of getting you in the mood and why he's a good teacher of the food he's grown up on. Each recipe gives you a summary of the dish, then the list of ingredients. Love that there are NO exact measurements for the spices. There are no pictures and no nutritional information but you should be able to substitute for your dietary needs. There are also suggestions with what else you can serve with the dish. Love different methods of making dumplings as we no longer fry foods. Festival bun sounds good and using things we love. Enjoy learning about the tools and utensils used. Charts for conversions and measures are included. Other works by the author are highlighted at the end.

Terrible book. It's only about 40 pages. Many , many of the recipes do not show the measurements for the ingredients. What an incredible rip off. Save your money

Love the pictures of each dish. Love the easy to find mouth watering dishes. Foods of the Caribbean are easy to make and tasty. Love it!

This recipe book is especially nice because of the way it is written. All the recipes are given in a lot of detail which makes it easy to follow even when no pictures are present. Also, the actual recipes themselves were really well chosen and taste really good! I liked it!

Great book I am even going to get my daughters one., now that they are showing an interest in cooking West Indian or Caribbean Foods.
