Huck Lace: The Best Of Weaver's (Best Of Weaver's Series)

Synopsis

The Best of Weaver's, Huck Lace brings together 25 articles on huck lace from Weaver's magazine-a collection that includes the top designers and teachers in the field. Articles include in-depth instruction in designing huck lace, beginning at step one on four shafts for beginners and culminating in networked huck for advanced weavers. Projects with complete instructions are illustrated with inspiring full-color photographs and range from scarves and shawls in wool and silk to tablecloths and placemats in cotton and linen to christening and wedding gowns in very fine threads. Editor Madelyn van der Hoogt refines popular features into a complete reference of value to all who weave.

Book Information

Series: Best of Weaver's series

Customer Reviews

I love this book! A great addition to my weaving library. Some of the projects look dated, but the Huck weave structure is very well explained, with lots of variations and most projects in the book are timeless. The majority of the projects are for 8 shafts or more.

This is the only book out there on this weave structure, making it a vital addition to your library, especially if you do a lot of lace weaves. Written for the advanced weaver, it shows a wide variety of drafts for huck, and shows you how to make your own. Good stuff!

I bought this book under the recommendation of my weaving teacher. Instruction is good. I finished one already under her instruction in 1 week although Madelyn writes that she would finish in 6 hours!!! What a professional weaver she is!

Beautiful illustrations.

Great book!

Excellent book from Madelyn - as always!

I like the patterns, and the projects, the explanations are easy to follow, the tips will be very helpful, I am a bit old for the wedding and the christening dresses but the patterns can be used for other projects, I see hours of fun weaving

Great book for understanding Huck Lace.
