Today's Technician: Basic Automotive Service And Systems, Classroom Manual And Shop Manual

Synopsis

The 5th edition of BASIC AUTOMOTIVE SERVICE & SYSTEMS is a comprehensive Classroom Manual/Shop Manual set provides an accessible overview of automotive systems to prepare you for all aspects of work in the field. The Classroom Manual explores the basic theories of operation behind each automotive system, while the Shop Manual covers the hands-on diagnostic, testing, and repair procedures that relate to them. Assuming no prior knowledge of automotive technology, this clear and engaging book addresses fundamental skills and maintenance and the application of key theories.

Automotive Bearings and Sealants. 7. Automobile Theories of Operation. 8. Power System Operation and Subsystems. 9. Brakes. 10. Suspension and Steering. 11. Powertrains. 12. Auxiliary Systems and Climate Control. Glossary. Index.

Christopher Hadfield is currently director the Minnesota Transportation Center of Excellence. Previous to this appointment, he was dean of career and technical education in Brainerd, Minnesota, capping a decade of experience as an automotive technology instructor at secondary

and post-secondary schools, including stints as department chair and program coordinator. Before teaching, Chris was a master certified automotive technician working for a GM dealership, an independent, and a retail store, as well as owning his own business. In addition to being ASE Master Certified and ASE L1 Advanced Engine Performance Certified, he has a Bachelor of Science degree in automotive engineering technology with a minor in manufacturing engineering technology from Minnesota State University Mankato, and he has a Master of Education degree in community college teaching and learning from the University of Illinois Urbana--Champaign. Combining high school and college teaching expertise, along with hands-on experience from the shop, Chris lends his critical eye to a variety of Delmar-Cengage Learning automotive publications, including TODAY'S TECHNICIAN: BASIC AUTOMOTIVE SERVICE & SYSTEMS and AUTOMOTIVE SERVICE JOB SHEETS FOR NATEF TASK MASTERY.

It stated that you would get the classroom and shop books. 2 books and I only received the shop manual.

We rented this book thinking it was the classroom and shop manual because that's what it says but it isn't we only got the classroom manual. I called and was told that they can't say what book you will get.

Very disappointed! This was listed as a classroom & shop manual, which should be 2 books needed for class. Only received the classroom manual.

Also very disappointed I only received the classroom manual. It clearly says classroom manual and shop manual.

good book for school

First time I didnt read the reviews and the first time I got screwed over.. Needed this book for the class and just like everyone else I only got the one book.

I got both shop and classroom manuals! Helped me get through my basic MLR class

Good book and manual for beginners.
