Stepdaddy!

Synopsis

What is a stepdaddy? When posed by a young child, this question can be difficult to answer. "Stepdaddy!" is a simple and colorful answer for all young children that explains the complex relationship with a new parent in ways a child can understand. It also affirms the notion that it is ok for a child to love both a daddy and a stepdaddy at the same time. The bright and delightful illustrations explain that a stepdaddy is there to provide love, a sense of security, and fun! This is the perfect book for a little one who is gaining a new member of the family and a new man in their life!

Customer Reviews

I am getting married next year and we have started talking to my 4 year old about how my fiancé will be his step dad. This book really seemed to help him understand what I meant when we talked about it and helped him accept things easier.

This is such a cute and easy-to-read book. It does a great job acknowledging both sides (the father

vs the step-father) and I think that's really important. I can see that it makes my 5-year old feel so loved that she has TWO kinds of daddies. There really isn't any other straight-forward book out there like this one.

Wonderfully written. Helps little ones really grasp they have two daddy's that love them and it's ok

Quality book. Was a good way of explaining my role to my 4 yr old step son. He really enjoys reading it together.

We have been looking for a book to help explain to my 3 year old daughter what step daddies are all about and how there is plenty of love to love both your daddy and step daddy and that they are both important people in your life. My daughter has known Jim since she was 1 so she accepts him readily but since we got married he now has a new title and this book was cute and a perfect fit for what we were looking for.

This book helped me and my wife explain my role as stepdad to our 4 year old. It was clear enough to her that she has introduced me as her stepdad.

This book is perfect to help my 3 year old start to understand why he has 2 daddys. I would 100% recommend it to others. Especially those who have young children and toddlers.

I Love this book. Libby Tyree simply explains to a child that it is ok to love both dads in their life.
