Star Witch: The Lazy Girl's Guide To Magic, Book 2

Synopsis

Ivy Wilde, the laziest witch in the West, is still entangled with the Hallowed Order of Magical Enlightenment. That's not a bad thing, however, because it gives her plenty of excuses to spend more time with sapphire-eyed Raphael Winter, her supposed nemesis. And when he comes knocking because he needs her to spy on the latest series of Enchantment, she jumps at the chance. Hanging around a film set can't be hard - or dangerous - right?

Customer Reviews

Clear your schedule for this book. It was so good I didn't want to put it down. Luckily my Kindle can read to me so I could get my fix. Rarely is there a book that is better than the first especially when the first is so good. Helen Harper has become my favorite author. I can't wait for her next book!

I love this series, I like that Ivy is self deprecating, but like not in an oddly off putting way (the only thing that you wonder is the epilogues and what Winter is sensing about her magic and that even here in book 2, its really making me curious about Ivy's family and also what Iqbar really knows).

I love this series! Although I did like the first book better this one was still pretty good. I tried to guess the villain and failed which makes me happy bc I figure it all out. Id have liked the ending to be longer and for raph and ivy to have "a good talk". Looking forward to the next installment.

I don't do this. I almost NEVER write reviews. But this was truly astounding. I enjoyed the first in this new series, a lot. But this book - I absolutely loved this book. But don't buy this - not if you haven't read the first one yet. Buy that one instead. But then - seriously, buy this book. You can thank me later.

Book two of the series and even better than the first. A strong female hero with a heart of gold. The author takes you on a strange journey of laughter, courage and suspense. Ivy and Winter finally admit they are in love but still butt heads. Magic is a mystery and not only used for good.

The Lazy Girls's Guide To Magic Book 2 was AMAZING!!! I fell in love with this series after book one I was hooked. Helen Harper continues to reimagine what I once knew of witch stories. This is an absolute must read series for those who enjoy snarky and hilarious heroines.

First off- how dare you with that cliff hanger! To have to wait is torture, but it'll be worth it. This book didn't have quite as much mystery but had more fun, in my opinion. Ivy and Winter are back, together and smoldering close to the surface. The reality TV plot was a great arc and I am excited to read more.

This is a fresh, fast-paced 2nd book in the Lazy Girls Guide to Magic series. I wasn't sure Helen Harper could make magic again... But this book is fantastic! I'd recommend reading the first book in the series before moving on to this one. Enjoy! I can't wait for the next one!!
