• Call her the clean queen. Toni Hammersley, the American homekeeping guru, has written the ultimate guide to cleaning, fittingly titled<sup>®</sup> The Complete Book of Clean. Hammersley<sup>™</sup>'s bible of clean covers every corner of the home from the bathroom to the office and is filled with hundreds of tips like iron clothes while they<sup>™</sup>re damp (it<sup>™</sup>s easier to get wrinkles out of cotton and linen) and how to make a simple bathroom cleanser (2 tablespoons of liquid Castile soap, 20 drops of tea tree oil and hot water). • (TheStar.com)

My favorite book ever!

Love this book! It is just beautiful and is packed with great ideas.

Loved this book as well as her previous one.

This book is extremely well written and the perfect guide to cleaning your home. This tool (book) is a must have in any home because it provides clear, simple guidance to maintaining a tidy home. The photographs are so inspirational and because I am a visual learner it works great for me. With wedding season approaching I will be purchasing several of these books as gifts. This book was not a disappointment and money well spent!

Love this book. Full of great ideas even though you would have to be Wonder Woman or man to accomplish everything that is recommended but still s lit if great stuff

Beautiful reference book, great cleaning tips. I refer to it often and have adopted many habits from it.

Another great book by Toni! Full of great tips. And it's beautiful to leave on a table.

The tagline of this book is "Tips and Techniques for your Home" and it certainly delivers on what it promotes! Toni begins the book with a getting started checklist and then moves through each of the rooms in the home. It is almost a home tour approach with a stop in each room to implement the tips and techniques she provides. Aesthetically the photography has a light and bright feel with some fun drawings mixed in. This book is a fantastic resource that belongs in every home.
