New American Bible: Revised New Testament Catholic Edition

Synopsis

The text of the books contained in the New American Bible is a completely new translation throughout. From the original and the oldest available texts of the sacred books, it aims to convey as directly as possible the thought and individual style of the inspired writers. The better understanding of Hebrew and Greek, and the steady development of the science of textual criticism, the fruit of patient study since the time of St. Jerome, have allowed the translators and editors in their use of all available materials to approach more closely than ever before the sense of what the sacred authors actually wrote. The New American Bible has accomplished this in response to the need of the church in America today. It is the achievement of some fifty biblical scholars, the greater number of whom, though not all, are Catholics. In particular, the editors-in-chief have devoted twenty-five years to this work. The collaboration of scholars who are not Catholic fulfills the directive of the Second Vatican Council, not only that correct translations be made into different languages especially from the original texts of the sacred books, but that, with the approval of the church authority, these translations be produced in cooperation with separated brothers so that all Christians may be able to use them.

Book Information

Audio CD

Publisher: Oasis Audio; Unabridged edition (August 15, 2005)

Language: English

Customer Reviews

When I work on the computer at work, I put my headphones and listen to this. Not only do I tune out the hub-bub at work, I feel a greater sense of power and wellness. I don't think it is the short musical interlude at the beginning of each CD. No, I think it is the power of the words themselves. Liberals tend to categorize Jesus as some peace-loving hippy who never cut his hair. Once you get to know

the New Testament in its entirety, you see that liberals have once again twisted the words of the prophet. Don't fall for the propaganda. Listen to the words yourself. You might just find that inner peace.

I ordered the Catholic Edition of the Revised New Testament fBible for a lady who is 106 years young and has a floating cornea, making it difficult to read her bible. I bought a recorder for her to listen to over 20 hours worth of her bible and she is absolutely thrilled. In addition, my sister is her caretaker and this really frees my sister up to go out grocery shopping and running errands, as she lives with Mrs. McGrath in her home in Annandale, VA, while Mrs. McGrath is entertained by her Catholic Edition of the Revised New Testament. I'll also be ordering the American Bible in the non-catholic version on CD's for my elderly sister as a Christmas gift, a little closer to December 25th, as she has lost sight in one eye and also has trouble reading her Bible, as well. Thank you from Tracey Saunders and from Mrs. McGrath who is a retired Lt. Colonel in Army.

Exactly what I wanted for the long trips I make from York, PA, to the Pocono's, Chicago area, and Mississippi. I never read the bible, this is the way to hear it in its entirety.

I have enjoyed listening to this version of the Bible on CD. It has been easy to follow, and the narrator is easy to understand. I have listened to it on my way to work and on my way home to try to remind me of what is really important after a stressful day at work. I believe it works! It is nice to listen to instead of the radio DJs rambling about nothing. I feel like I actually did something useful with my time as I make my commute in the car and traffic - not to mention it can help when you have thoughts of road-rage!

Omg this best cds ever. Would tell people about it...

Quality control is not a strong suite. Multiple discs have corrupted files. Interested in Paul's letter to the Corinthians Best find another source as half are missing on this CD set. 2stars

An amazing edition! My wife's medical condition has changed over the past few years. Type 2 Diabetes has given her some vision problems and not being able read has really dampened her spirit. Reading the Bible to her was wonderful but for her and I to be able to listen to the word via an audio cd has been a blessing. Although early onset Alzheimer's has been her biggest challenge, her

faith and LOVE in Our Lord and Savior Jesus Christ has blessed her 10 fold. We recommend this collection to everyone who accepts God and all that He has giving to us.

I purchased the New American Bible in MP3 format and loaded it on my 80GB IPOD. The Old Testament is not included, but all of the other books in the Catholic Canon are included. The narration is well done and adds a great deal of drama compared to reading the Bible text yourself. There is a small amount of scared music between books and chapters which also is a plus. The narrative is unabridged which I insist on when I purchase an audiobook. All-in-all a great value for the cost!!
