My husband and I travel out of the country frequently to places where we always have a home hosted dinner. We are encouraged to bring a gift, and this book provides a perfect representation of where we live. The host families are always impressed with the beautiful pictures of West Virginia.

Bought this for a friend who is from West Virginia - he enjoyed it quite a bit. These are mostly "handsome" landscape and floral pictures, rather than a gritty depiction of another aspect of West Virginia, the poverty and dirt of mining. Good quality pictures, of many well known landmarks.
