Customer Reviews

I love all the "Angel's" writing and stories. Once again I was not disappointed reading this new book of Alexis! Carter is in a reality show about seducing a virgin but he is not trying to seduce a virgin. You read that right! In this story its Carter who is the virgin and it's the

women who are trying to seduce him. Enter gorgeous Ashley who is an expert in her career. What might that be you wonder? Well she is an expert at seducing men! They cant resist her! This story is so sexy and smutty that my kindle just about burned up! Not giving anything else away other than you will enjoy the story and characters. One click or read it with KU to see who will be seduced by who, how long it takes, and what these two get into to make this one of the hottest that Alexis Angel has written! I bought the book because I love all Alexis Angel's books and to add more weight to my review. I did receive a free copy of this book via Booksprout and am voluntarily leaving a review.

I received a free copy of this book via Booksprout and am voluntarily leaving a review. Carter Blaine is a 26 year old Billionaire Virgin. He is also the star of Head Hunter, which is a show where girls try to get him to have \$ex with them but just end up giving him head...lol. Hence the name Head Hunter, Carter's been doing this for almost five years and the network is afraid he is going to complete his contract by remaining a virgin for the entire five year contract. That will earn him a two billion dollar bonus and he is determined to get through these last ten weeks without having \$ex with anyone, besides he has always said he is saving himself for "the one" that he plans to marry. Enter Ashley, professional seductress and she's just been hired by the network to make Carter break down and finally give in and fall in love and have \$ex. They want this all accomplished before the end of his contract. Read this awesome book today to find out what happens when these two meet and Ashley goes into her seductress mode. Will Carter be able to resist Ashley? Will Ashley be able to keep it all about business, while trying to wear Carter down? This is a quick, dirty, sexy story and a definite must read.

I absolutely loved this book and devoured it within a few hours. Carter Blaine is the star of the show "Head Hunter". He gets plenty of action but is technically "a virgin". The world is waiting for him to find the one he's going to marry. Ashley Taylor is a professional seductress, can he resist her? Oh yes he'll try, there's a lot of money at stake for both of them. And when the network throws curveballs to make it even more difficult? Can he do this? You'll have to buy the book to find out more. I highly recommend this book.

Well done Miss Alexis Angel for sharing a book and plot that I have absolutely never read before.... A Virgin at 26 and every woman on the planet thinking they are the ones that he's going to give it up for them! And it's still incredibly well and tastefully written.... Carter Blaine is living the life on a Reality TV Show, Where every living female is trying to take his Virginity.... So far he's been

successful and keeping it for nearly 5 years.... and in 10 more weeks he will have hit the jackpot of a 2 Billion Dollar payout.... Only nobody thought that Carter would of survived this long.... And the TV Company doesn't have that kind of money to pay out.....This is where the Company get dirty and want Carter to fail.... They hire a Seductress by the name of Ashley to foil Carter's plans to make it to the 5 year mark.... Will Ashley be able to Seduce Carter or will her sure fire plan backfire? And who's going to win this contest as its a battle of the wills.... Carter, Ashley or the Company?This was a really great story to sink your teeth into... Carter is a Multi Millionaire already but the temptation of 2 Billion Dollars more has people shooting at him from all directions making sure he fails and doesn't get to claim the money....If you have a couple of spare hours.... I suggest you grab a copy and sit down and enjoy this wonderful story like many of Alexis Angel Fans have done..... I was lucky to get this book as an Arc for a Voluntary Review so Thank you Miss Angel for sharing itCilla aka Chilly x

I thought this book was going to be a little different than it was. Its basically just a compilation of sex stories just with the same person. Honestly I'm disappointed this book had such great potential. If I would have known it wouldn't have much substance I wouldn't have read it. I knew it would have lots of sex but jeeez. All I can say is thank goodness for kindle unlimited. I like to know its basically just one thing before I read.

Head Hunter is a non- stop fun and frivolous read as Alexis Angel takes you into her fantastic world of sex and love.The characters are brilliant. Funny, witty, hot and exciting. Carter and Ashley are just perfect for each other and take you on a tumultuous ride in this book.The story is suitably outrageous and totally decadent, which is why I love Alexis Angel books. They are so steamy and hot that you have the elements of 'wow', 'I want some of that' and also sometimes 'did they really just do that?" Alexis Brings you another level of hotness not found in other romance books.Thank goodness this is fiction because otherwise I would be desperately trying to get my hands on Carter Blaine along with most of the female population. I would want to slap him and then be seduced by him. We all love a bad boy with a large dose of arrogance but this is complimented completely with a strong female lead which oodles of attitude!! received an ARC of this book. I'm voluntarily leaving a review because I loved it.
