The Tarot: A Key To The Wisdom Of The Ages

Synopsis

Many students of the Western esoteric tradition consider Paul Foster Case's *The Tarot* the finest explanation that has yet appeared on the occult meaning of numbers, the construction of the Tarot, and the attribution of the 22 Major Trumps to the Hebrew alphabet. In clear and understandable language, Case elucidates the Tarot tradition and technique for the modern thinker. Students of the Tarot will find in these pages the necessary information to understand and apply the principles of Tarot-and the correspondences of symbol, tone, color, and number-to the art of daily living. The author also includes extremely useful chapters on methods of study and Tarot divination. In this 2006 edition, the book appears for the first time with an index and an appendix of resources. Here is a genuine underground masterpiece, made available to a broad new readership.

"The serious Tarot student...will find Case's book a gold mine of information."

Paul Foster Case (1884-1954) was one of the leading American occultists of the twentieth century. His book, *The Tarot*, and his deck of Tarot cards significantly influenced how Tarot is taught and understood today in the United States, and in other parts of the world.

It is seldom we get a gift of this profound clarity and insight. Since this book includes descriptions of meaning, color and placement, I have a copy of *The Book of Tokens* with color plates to follow

along.

A classic 70 year old book that has multiple levels of things to discover.

Enjoyed reading the BOTA take on the major arcana. The book goes along very nicely with the deck that I got from a local store.

If you are a Tarot reader, new or old, this is a must have book. Paul Foster Case has writtin many books, however this is one every Tarot reader must have. In depth meanings of the major trumps. Explains the cube of space and tree of life. Construction of the Tarot and why things are. Numbers and Hebrew wisdom letters. Very informative. I refer to this book daily to keep me refreshed in the meanings of each card.

What a great in depth study on the true meaning of the Tarot. Studied this book from cover to cover. Not for the beginner seeker as it can be quite an overwhelming task to digest. Recommended for those who are living the path.

I hope to read everything written by Paul Foster Case. A brilliant, spiritual human being, his works are must-reads for those seeking inner wisdom. For those who love ritual, this book provides insight and guidance for adding deeper meaning and value to one's work.

Although very informative, it was extremely technical

This is the best book on the tarot I have read. Paul Foster Case does an exceptional job of explaining the esoteric meanings of the tarot deck and this book is essential reading for anyone wanting to understand the tarot. I highly recommend this book to all seekers on the path. I first got this book in 1982 and just bought another copy in 2013 as my other copy is in another state. Upon seeing it again, I was still impressed with its contents. Case also has a book called The Book of Tokens which also is incredibly insightful re the symbolism and meanings of the tarot.
