Awesome guide! This book is so much better than Frommers. I had forgotten which one I preferred until I purchased both and compared. Fodors has so much more useful information and outlined in a fairly organized and easy to follow manner. Frommers has a whole bunch of information that's not really useful for travel and not enough information helpful info.

It has loads of pictures and plenty of general tips over China that were interesting. I purchased the book online but viewed this book along with the lonely planet one at a bookstore and much preferred this one.

Most of what I needed BUT not enough maps. Not detailed enough for Beijing AND no maps that link ring to ring.

VERY VERY BAD GUIDE. I'VE USED FODOR'S GUIDES FOR MORE THAN 30 YEARS, BUT THIS ONE IS UNBELIEVABLE POOR.

I love Fodor's in general. Extremely useful information that is always spot on. The delivery of the book by was prefect, which start out our China Adventure on a high note.

great book. Printed version too big to travel with. E version great. Information outstanding.

I got a Kindle Fire version which allows me to see this book in color. I have found it very informative for the basic traveler to China so far.

Great book. My son went to china and this was for his trip.
