ISBN-13: 978-1560534105

Product Dimensions: 8.9 x 6 x 0.6 inches

Shipping Weight: 12.8 ounces

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #800,081 in Books (See Top 100 in Books) #101 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Toxicology](#) #175 in [Books > Medical Books > Pharmacology > Toxicology](#) #197 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Critical Care](#)

Customer Reviews

I purchased this book to include in my library and to serve as a reference for lectures. I have found this book to be a superior guide for gaining the basic knowledge of the important topics in toxicology, without too much information. I very much enjoy all of the Secrets Series books that I have purchased (about 10 of them so far), but have found this one to be one of the best of the bunch. The concise nature of the various topics is put together very well and has many interesting "extra tidbits" that are great as "Did you know" facts for lectures. All major and many less common medications and environmental toxicities are covered. Definitely a great choice for the home or office library.
