Exploring the Backcountry of Zion National Park: Off-Trail Routes

I was lent a copy that was published in 1988. The version got was published in 1996. The last hike in the 1988 version was the one I wanted the book for. It was not in the 1996 version. FYI the hike missing was Camp Creek.

"The Green Book" - a great little book with 16 backcountry canyoneering and hiking routes in Zion. It's a little dated now, but still has great charm. A good source for the non-technical and semi-technical classics (Narrows, Orderville, Subway). Until recently, the only published backcountry guide to Zion, it still holds its own against the commercial interlopers.
