How To Talk Dirty: A Guide For Women: Drive Your Man Crazy And Make Him Beg To Be With You

Synopsis

Good dirty talk can rev up your relationship like nothing else. If you're ready to learn, you've come to the right place! From the very beginning of our lives, our words are anticipated. The smallest "coo" when we are babies is listened to with baited breath. That first giggle is often enough to provoke gales of laughter and maybe even tears of pride. At some point, we realize that our sounds can give us what we want. Babies quickly learn that if they cry about something, Mommy and Daddy will be there to take care of the problem. One of the first things we learn is the power behind our voices! Then we begin to talk. Oh, what a glorious day that is! Parents and doctors wait anxiously for that first comment, and when it comes, it's cause for celebration. They call friends with the good news, tell strangers at the grocery store, and break out the video camera. Our first words are show-stoppers. But somewhere along the way, those fantastic words become commonplace, and the magic disappears. Discovering new words becomes a non-event. Even learning a new language isn't all that impressive. After all, everyone does it. Learning a new language has become the trendy thing to do. But there is a different language, one that only seasoned adults can handle. It's the language of love. More specifically, the language of lust. Listen on and find out how. You know you want to!

Customer Reviews

I didn't like this one as well as others I have read. I did get some information from it but not as much as I would have liked.

great

This is for a novice. She does provide some good ideas at the beginning of the book for those who may be reticent or uncomfortable talking dirty to a partner, but with a little imagination and a dirty mind you could come up with many of the examples provided.

I bought this book hoping it would help encourage my wife to be more vocal in the bedroom as she is shy in that. There are about 10 useful pages in this book for that. I guess I'll keep looking and ask her to disregard the rest of the pages. if you are looking for a book to take you from dirty talk virgin to porn star, this might be the one for you. very basic and shallow minded.

Extremely thin book. Only 84 pages long. I thought it would be a bigger book. Very good info in it on how to talk dirty to your guy.

Love this book broke me from being shy when my mate asked me to talk dirty to him.

This was an interesting book with east tips on how to heat things up a bit in a sedentary relationship. I would recommend this product.

I found this book really only suitable for the truly naive and not for the mature adult. The content of this book is basic information that is used on a daily basis with your loved one..well, i would hope.
