Customer Reviews

The Rehabilitation Psychology Treatment Planner provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized treatment plans for neuropsychological rehabilitation Organized around 25 main presenting problems, from depression and impaired judgement to substance abuse, aggression, anxiety, and others Over 1,000

well-crafted, clear statements describe the behavioral manifestations of each relational problem, long-term goals, short-term objectives, and clinically tested treatment options Easy-to-use reference format helps locate treatment plan components by behavioral problem or DSM-IV® diagnosis Includes a sample treatment plan that conforms to the requirements of most third-party payers and accrediting agencies (including HCFA, JCAHO, and NCQA)

ARTHUR E. JONGSMA, Jr., PhD, is the series editor for the bestselling PracticePlanners. He is also the founder and Director of Psychological Consultants, a group private practice in Grand Rapids, Michigan. MICHELE J. RUSIN, PhD, is a clinical psychologist and a member of the faculty of the Department of Rehabilitation Medicine at Emory University, Atlanta, Georgia. She has worked in acute inpatient and outpatient rehabilitation since 1982, and now specializes in psychotherapy with persons who have neuropsychological impairments and their families.

Nuevo

Not as useful for making recommendations as it states. Some utility, but for the most part you can find the info in other rehab books.
