Customer Reviews

...You feel, looking at them, as if you could close the book and step into the street. -- Contra Costa Times ...considered to be the world's best travel resource to over 30 destinations around the world, make it easier to plan a splendid vacation. -- North American Press Syndication Both novice and experienced travelers will be captivated. -- US News & World Report Each book is a visual as well as informational feast about a particular place. -- The New York Times Encyclopedic in scope, it's meant to be used before, during, and after your stay. -- Travel & Leisure The Best Guidebooks Ever -- SKY MAGAZINE The best travel guides ever. -- Sky Magazine -Delta In flight Magazine The most graphically exciting and visually pleasing series on the market. -- Chicago Tribune Want to know where to get a great espresso on your way to the Uffizi? Or how much to tip a hotel maid in New York City? Try these travel guides, each an intricate trove of 3-D aerial views, landmark floor plans, color photos and essential eating, shopping and entertainment info. With titles covering Paris, Prague, and London, these pocket-sized guides are like a Michelangelo fresco: deliriously rich in detail. -- People Magazine

I have been to the Loire Valley and chateaux several times, but it has been years! I wanted to

research and be ready for a trip to France in the summer, and used this book to help pick out which. Easy to use and helpful.

As always, the Eyewitness guides provide brilliant graphics, and a rich introduction to history, culture, food and wine, in this case the Loire Valley. The guides to the chateaus were especially entertaining. Overall, however, I rely more on the Michelin Green Guide (plus France red guide) for authoritative and up-to-date information on hotels and restaurants -- the Eyewitness guides are more hit-and-miss, idiosyncratic, and limited on these points.

If you are going to be spending several days or more visiting the Loire Valley I cannot imagine that any single guide is better than this. It of course depends if you like Eyewitness Guides in general - if you have had good experience with them in the past then you won't go wrong with this one. It covers every place you might want to visit, and contains a lot of general information of interest to a visitor to the Loire.

I'm so happy I purchased this book. This book has everything you need to travel and live in the Loire Valley and all its regions. It is very detailed and I'm not sure you need to buy another book after reading this one. I highly recommend this to anyone wanting to travel to the Loire Region of France. From passport, visas, currency, planes, trains, hotels, currency, car rentals, you name it; this book has it all. Bon Voyage!

As a travel guide book, this book is missing some of the practical tips needed for travel to an unfamiliar location. The pictures and descriptions of various sites are nice, but this book alone does not contain enough practical information to be the only travel guide to take with me to France.

I traveled Loire Valley in September 2012, and this guide book enhanced my experience to a whole new level. Like other Eyewitness Travel Guides, this one is filled with lovely illustrations and well-summarized historical background of chateaux. It was very informative and helpful.

this was a good reference to have for the Loire Valley. Very informative. Us full and easy to read. Like background information.

Very useful guide for my trip to France. Information current and informative. Good details. Pictures

very nice. There is so much to experience in France. This was a good book to bring focus.
