Well done.

This is the most beautiful book of this region that I have ever seen, and I have read dozens! As a life-long hiker in this area, I can assure you that the trail descriptions tell you everything you need to know, and the photographs are exquisite. The historical sections are well written, entertaining, and incredibly informative. I can't imagine visiting this area without this book. Just reading this it almost makes you feel like an expert on this gorgeous region. Buy It!
