2013 Good Sam RV Travel Guide & Campground Directory (Good Sams Rv Travel Guide & Campground Directory)

Synopsis

Woodall's Campground Directory & Trailer Life RV Parks Directory have merged to form the 1st Edition of the Good Sam RV Travel Guide & Campground Directory! With over 16,000 locations listed across the United States, Canada and Mexico, the new Travel Guide is the only North American Edition Print Campground Directory and RV Parks Guide Available! Consumer demand will be unprecedented for this first-ever edition which merges the two most well known campground and RV park experts in North America. Just like its predecessors, the new Travel Guide will feature an exclusive, expert rating system, with all evaluations completed in person by consultants in the field during the past 12 months, for privately owned parks. Plus, RVers will enjoy detailed park listings including amenities, services, restrictions, camping rates, contact information and much more. Also included in this brand new 2013 edition is a bonus yellow page section! This section helps RVers find RV friendly businesses across the country from pet E.R.'s to RV car washes. Every serious RVer in North America has traveled with either Woodall's or Trailer Life. Now they don't have to choose! We've taken the best of both Directories and met every consumer demand with this single edition for 2013. And as if that isn't enough, we've stuffed the 2013 edition full of other helpful RVing information such as our Guide to One-Tank Camping Trips, RV checklists, recipes and meal planning tips from our years of camp cookbook publishing, tech tips by RV experts like Bob Livingston, and RV etiquette. Never before has there been so much value in a single edition of the Directory. Note: Woodall's Eastern, Western, and seven regional editions will no longer be printed. The new 2013 Good Sam RV Travel Guide & Campground Directory merges the Woodall's North American Directory and the Trailer Life Directory into one, single, complete edition for 2013.

Product Dimensions: 3 x 8 x 10.8 inches

Shipping Weight: 4.8 pounds

Average Customer Review: 4.1 out of 5 stars 106 customer reviews

Best Sellers Rank: #1,016,810 in Books (See Top 100 in Books) #54 in Books > Travel > Canada > National Parks #374 in Books > Travel > Mexico > General #446 in Books > Travel > Canada > General

Customer Reviews

I bought thinking it was complete as older ones had years ago. there are no listings for State or National parks. One book that claims complete or Campground Directory should also include these

Combining Trailer Life and Woodall's seems great on the surface, but...it is a heavy book!!! The Con: The info is great as usual, but very unwieldy to handle. I am keeping it in the box it was shipped in to keep it from being torn/twisted while traveling. I know before our summer travels are over, the book will probably be in at least 2 pieces from the weight/thickness and handling. But it is what it is. Now the Pro: It is as usual a great resource while traveling and trying to find a campsite. It has always been a valuable resource for us, along with our discount campground books and any camping books issued by the various states. So be prepared when you order it!

This directory covers everything by state and city including their website and GPS location that you need to know about Americas Campgrounds.

This is a phone book thick guide with excellent information and campground/RV listings. It takes a while to understand the organization, and the location (city/town) heading are not very prominent. Great for pre-planning, but not so good if you are looking for a place while driving. Check it out in the morning before heading out, or at lunch.

With the cell phones, you don't need these books anymore. I traveled and checked the internet for the next RV camp ground.

Bought this book because I'd just bought a class "C" motorhome and was going on the road for 6 weeks. Beware it's the size of a telephone book and covers both Canada and USA, but very handy. It rates a lot of private RV parks so you know what to expect in terms of facilities and recreation and gives good directions. It also lists the state parks but does not rate them. Beware the Good Sam logo attached to some listings - it does not mean it's recommended by Good Sam, just that GS members

get a 10% discount. We used the book to find an ideal site in the "Village" in Port Orford, Oregon it had all the facilities we needed at a price comparable with the state parks.

This RV Travel Guide was difficult to use because of its size. This guide is obviously geared to the large RV user who live in their rig. This not for tent campers who might want to stay in smaller less urban parks. Would not recommend it because of its size. It is very cumbersome. It is also hard to find the listings as they are listed by the town the camp is near and it makes it hard to compare parks because you have to flip back and forth in the book a lot between the towns on your route. It would be better if the guide was divided up into smaller sections of the country and have Mexico and Canada in separate books.

This book is one I like to keep in the motorhome, I've attempted to use my smartphone to get information while we're on the road, but have not been very successful. I wish the book came in a format that was much easier to use. There is SO much stuff I don't need. I would like to be able to select specific states where we are likely to travel and only carry those along with us. Otherwise the book is very large and has a ton of information that is completely useless to me. I may resort to having my husband run the binding through a bandsaw, select the states I want, then re-bind it into something much smaller and more useful.
