Excellent reviews from the family I gave this to.

I gave this to a Somalian refugee family and they loved it! According to them, some of the words

don't quite match... but I'm guessing there may just be regional differences and some literal translations.

I am a second grade teacher and my new student did not understand a single English word. This book and the flash cards (also by Milet) have made all the difference in building our foundation! Thank you!

Everything I expected. Great for using with one of my new students!

The item is fine, but not what I needed for a middle school student. It is geared for younger students.
