Customer Reviews

The reason why i picked this book is that it also offers a whole bunch of savory fat bombs recipe in addition to the sweets desserts. the different combinations, textures and flavors experimented in this book is amazing and the recipes are o simple yet tasty and look so presentable too. this is a great way to please guests at dinner parties with beautiful food.

A great book where all the ingredients are included like carbs, sodium, chemicals etc. To be on a keto diet can be hard and this cookbook is very helpful and makes the change pleasant, the recipes are easy to follow and my family enjoys the sweets without having to think that it is bad for you! Really great and highly recommended!

This is a wonderful collection of fat bombs, I really appreciate the recipes for the shakes and smoothies. Raspberry cheesecake smoothie? Um, yes please! I've tried multiple recipes and all of them have been winners. I've tried some sweet recipes from another fat bomb book by a different author and they all ended up in the trash! I was reluctant to try fat bomb recipes again after the waste and failures from the other author's book, but I'm glad I did because Jeremy knows his fat bombs! I love the savory recipes, but I do wish there were more of them. They're good and I'm greedy :)

I've found a lot of yummy recipes from ketogenic diet in this book " dessert bars, chocolate biscottis, maple bars, blueberry cheese bars, candies, truffles, pops, ice-cream and other recipes. My all family is happy and I often cook using this book. A special treat is smoothies " avocado banana, almond strawberries delight. Delicious!

This is finally a book that shows exactly all the ingredients including carbs, sodium, chemicals etc. Switching to a keto diet can be a challenge and this is cookbook has helped me somewhat to make

the change more pleasant, recipes are quite simple, but very good and practical for the most part, it's a useful book.

If you have to avoid sweets of all kinds don't bother with this book. Filled with candies, cakes, cookies, puddings etc. yet to find a true cookbook on savory fat bombs. Very large audience being ignored...very disappointed.

Good book

This book by far is the the easiest recipe book that I have ever used, it is stress free and enjoyable. It's wonderful, I have tried several things everything was as presented. I fell in love with this cookbook and the variety it has provided for me in my restrictive diet.
