My Toddler Talks: Strategies And Activities To Promote Your Child's Language Development

Synopsis

Are you concerned that your child is not talking as much as his peers? Is he growing increasingly annoyed because he can't tell you his wants and needs? Bring out the toys and get ready to shake up your perspective – we're going to decrease your frustration and learn some tried and true techniques to get your toddler talking! My Toddler Talks, by Kimberly Scanlon, is a must-have for anyone interested in developing language in young children. Learn how to model and elicit language in a fun, straightforward and practical manner from an experienced & licensed speech language pathologist. Textbook theory and evidenced-based speech therapy techniques are applied in an enjoyable and user-friendly way. Whether you're a parent or a professional, Kimberly shows you how to engage your toddler with play routines that stimulate speech while having fun. The guide includes detailed steps, numerous examples, and play routine activities to facilitate learning and language development. Speech language pathologists and parents describe My Toddler Talks as: "a go to resource", "unintimidating and user-friendly" and "simply fabulous!" MY TODDLER TALKS includes:

- Effective language stimulation tips, techniques and strategies used by professional speech therapists
- Advice on how to maximize your child's potential without causing pressure or frustration
- 25 fun play routines designed to improve your child's speech and language skills
- Straightforward instructions with many examples to foster understanding and empowerment
- Step by step directions on how to elicit communication from your child
- Charts to monitor progress with your child
- A system to track your child's word growth
- Ways to incorporate speech development activities into your daily routines

Customer Reviews

The introduction provides a succinct but useful overview of do and don'ts, as well as fundamental tools to be aware of, to help toddler talk. The 25 game routines presented in the book are easy to put in place and very fun. I strongly recommend this book.

My daughter thought this book was extremely useful.

Great book. It's full of helpful tips (follow their lead, pause in anticipation) and also has plenty of work pages to help track progress and growth. Ms. Scanlon knows what she's talking about. I'll definitely be using the R-A-I-S-E-S method with my God-daughter.

It's a great resource for parents like me who wants to know how to help their kids be able to communicate more.:)

We've been trying to implement ideas from this book for the last couple of weeks. Methods and techniques are very easy to blend in to the daily routine of your child. We hope to be able to do more of what the book teaches in the coming weeks. Very happy with purchase.

very helpful.

Great overall

This book contains terrific ideas to encourage language development in little ones? I would recommend this book to parents of babies and toddlers!
