## **Customer Reviews**

None of the stuff you won't want or need. Nathaniel delivers exactly what you need in this ebook. It contains the most useful aromatherapy techniques that work for me personally.

Very superficial, and not all that insightful.

Many different recipes. I had hoped it would have sleep recipes, but the one it had made it well worth it

good product

I was expecting more info relating to the collection and creation of essential oils. This was full of "how to use" the already aquired/purchased oils.

Another great book by Nathaniel Wake. Very educating with great information. I recommend purchasing all Essential Oil books by Nathaniel Wake. They all inter related one another and expand your education. You can't go wrong with these great prices!!

great recipe book, I make all my own products for health reasons

it is full of recipes that will come in very handy.I have been looking for more recipes to do. I can not wait to try all of them. Can't wait for the next book.
