The Evolution Of A Cro-Magnon

Synopsis

The long awaited republishing of NYHC Legend, John Bloodclot Joseph's raw and unfiltered autobiography. As real as it gets! Updated with new chapters. In his newly updated autobiography, NYHC legend John Bloodclot Joseph recounts his hard times and spiritual redemption. A traumatic childhood in foster homes was just the beginning of John's evolution. Before fronting one of the most important bands in the underground punk scene, the Cro-Mags, John faced homelessness, addiction, betrayal and insanity. Still, even his success couldn't save him from a relapse that set him back to square one - rock bottom. The book is a raw and unapologetic autobiography about his life. Consider yourself warned.

Customer Reviews

I grew up listening to punk and hardcore, I knew of the Cromags but not too much. I heard John Joseph talking on the Jason Ellis show and was immediately captivated. I sought the book, Andy savored each of his words. Learning of so many things he has seen and done have given me inspiration to seek higher ground in life. The best part is he will actually email you back.

A truly accurate depiction of growing up in the 70's and 80's as a product of divorce, life on the streets and the New York Hardcore scene. I highly recommend this book!!

Overall a great read, great story, and some straight up inspiration to anyone in need. Such a unique life John Joseph has lived and as a fan of the Cro-mags I couldn't wait to check it out. What I'd get

out if it was much more than a story of one of the best front men in the history of hardcore music. Trials and tribulations, stories of the street, and some consciousness. It's a must read for the stories and it might even save your life if you're in a bad place. It's served as a positive for me when there was plenty of negativity in my life. Much respect John.

The best piece of nonfiction I've read lately! The story goes through so many "points of no return" that sometimes it's hard to believe a mortal man is capable of enduring such pressure...

There's a lot of hardships, a lot of laughs, and a lot of debauchery in JJ's memoir. I take away feelings of gratitude and fellowship from it. There's an urgency JJ delivers. He's asking us to pay it forward. Not money. Just knowledge, wisdom, and understanding. If you put good vibrations out, chances are you'll get 'em back.

This is a GIANT story. A hard, motivating, uplifting, incredible story. I'd recommend it to anyone (no, really...at one point during my reading I even raved to the lady who waxes my vag.) The open-minded, non-preachy take on religion is refreshing. Read it. Enjoy it. Share it please.

I'm still reading this, and almost done. This is epic and funny. John is great a story-teller. I completely relate to his style, and way with words. He makes me feel at home like I'm a kid again "B.S-ing" w/my friends on a street corner about old times. I've heard that this may be worked into a screenplay. If that's the case, I can hardly wait to see it and see if the movie would do justice to the book. Highly recommend, very engaging read.

Just all-around good story. Lots of issues to ponder after facing the life and struggles of this strange cat... Very strong stories one after the other
