Book Of Enoch

Synopsis

The Book of Enoch, written during the second century B.C.E., is one of the most important non-canonical apocryphal works, and probably had a huge influence on early Christian, particularly Gnostic, beliefs. Filled with hallucinatory visions of heaven and hell, angels and devils, Enoch introduced concepts such as fallen angels, the appearance of a Messiah, Resurrection, a Final Judgement, and a Heavenly Kingdom on Earth. Interspersed with this material are quasi-scientific digressions on calendrical systems, geography, cosmology, astronomy, and meteorology. Global Grey editions are fully formatted and always have linked table of contents and cover page. Footnotes and illustrations are included when applicable.

Customer Reviews

It's a religious book by one of the pre-Christian, Hebrew visionaries. Your choices leave a lot to be desired. I chose good for the writing because it is translated from an ancient language to a language

used by the Coptics in Egypt and then into English. Violence occurs when the angels of God destroy evil. But this is not violence in the modern meanings, I think. The Crucifixion of Christ is violent, graphic too. Maybe you should not try to rate books like this. You are not up to it.

Like the book of the Meccabees, I believe that the book of Enoch is also a must have, because it would complete historical information that you wouldn't have with just the biblical versions that we have now!

"The Book of Enoch" is an added biblical addition that is well appreciated at least in part by me. It elaborates more on the Nephilim in the beginning. Something that I was always intrigued by from the Bible's book of Genesis. Enoch is another character from the bible that was shown favor by GOD and was taken straight to heaven but the bible spoke so little of him. This book let you know the man Enoch is and of his fascinating visions shown to him.

Don't like the cover. This is a small slim book. The text is easy to read. Should really read the bible and apocrypha and understand it before u read this. People say this is not in the bible but it is. U can easily look up enoch in the bible and find the verses he shows up in.

Astounding disclosure by the author, however very little biblical scripture with the exception of Genesis chapter 4, 5, 6. Great reading, however a myth and mystery in evidence of the fallen angels who brought forth the offspring of giants, when they found the daughters of men to be attractive. Still researching for qualification...

an excellent addition to my library, i plan to follow up and get more of his works and titles. excellent author, great content and physically the book is of great quality.

For years I have been reading the Christian bible but could not understand a lot of things, but after reading the book of Enoch, and although I haven't finish reading it, I have now come to have a better understanding of the scriptures especially in the book of Genesis. What surprises me most is the fact, that how early bible translators left out a lot of very important information that came direct from Jehovah God. No wonder there is so many different Christian denominations in the world today and so much confusion.

This is a really good book to me it bring the bible to lite and some of the missing thing and question that are in the bible together a must read if you are a seeker of truth, But honestly I prefer the Ken John version over this one to me his is a little bit better the same story but some thing are put together differently.
