Caution: for advanced storytellers only! The tongue twisters in this book will have your children laughing for hours--and that laughter just might be directed at you! Mixing genuine words with classic Seuss vocabulary, Oh Say Can You Say gets trickier with every page. You'll start off easy with this cautionary limerick: Said a book-reading parrot named Hooey, "The words in this book are all phooey. When you join them your lips will make slips and back flips, and your tongue may end up in Saint Looey!" Don't say he didn't warn you. For a truly inspired family gigglefest, this is the top of the charts. (Preschool to early reader) --Jill Lightner

This is the best book ever for Speech Therapy. I use this book to help adults better their articulation skills. It is fun for children to read, however the speech and articulation skills gained from this book can last a lifetime.

As always we enjoyed this Seuss book. My 4yr old really liked it.

This was a gift to a 7 year old who is very smart. He loved the tongue twisters!

My 6 year old daughter loves this book we laughed so much. It was great fun for both of us.

It is harder than some of the other books Dr. Seuss has written, but we all get a laugh when we slip up while reading it. :)

I read this to my girls when they were tiny, and now to my grandson. Great book. I think I still know the names of all the Fuddnuddler Brothers! Big hit!

Great price Great Book

I am 46 years old and I love tongue twisters. I laugh at my self trying to read them very fast to my grandchildren!!!!
