The Dr. Seuss Coloring Book

Synopsis

Images from the work of Dr. Seuss for all ages to color! This beautiful book featuring two colors of foil on the cover will provide hours of creative fun for Dr. Seuss fans from 7 to 107! With intricate illustrations (some more complex than others), playful patterns, and iconic images based on pages from such titles as The Cat in the Hat, Oh, the Places You'll Go!, The Lorax, and Horton Hears a Who!, now you can color Dr. Seuss's work any way you want! Want to know if your favorite is included? The illustrations to color are derived from the following books: And to Think that I Saw It on Mulberry Street, The Cat in the Hat, The Cat in the Hat's Songbook, Did I Ever Tell You How Lucky You Are?, Dr. Seuss's Sleep Book, The Foot Book, Horton Hears a Who!, How the Grinch Stole Christmas!, I Had Trouble in Getting to Solla Sollew, If I Ran the Circus, If I Ran the Zoo, The Lorax, Oh Say Can You Say?, Oh, the Places You'll Go!, Oh, the Thinks You Can Think!, On Beyond Zebra, One Fish Two Fish Red Fish Blue Fish, Scrambled Eggs Super, There's a Wocket in My Pocket!, What Pet Should I Get?, Yertle the Turtle and Other Stories, and You're Only Old Once.

Grade Level: 2 and up

Customer Reviews

THEODOR SEUSS GEISEL aka Dr. Seuss is one of the most beloved children's book authors of all time. From The Cat in the Hat to Oh, the Places You'll Go!, his iconic characters, stories, and art style have been a lasting influence on generations of children and adults. The books he wrote

and illustrated under the name Dr. Seuss (and others that he wrote but did not illustrate, including some under the pseudonyms Theo. LeSieg and Rosetta Stone) have been translated into thirty languages. Hundreds of millions of copies have found their way into homes and hearts around the world. Dr. Seuss's long list of awards includes Caldecott Honors for *McElligot's Pool*, *If I Ran the Zoo*, and *Bartholomew and the Oobleck*, the Pulitzer Prize, and eight honorary doctorates. Works based on his original stories have won three Oscars, three Emmys, three Grammys, and a Peabody.

I enjoyed Dr. Seuss as a child and have since read them to my children and their children. I was looking forward to receiving my new coloring book with artwork from the Dr. Seuss books. The book is nicely done but is missing some of my favorites (especially *Green Eggs and Ham*.) There are a good number of designs in the book and there are so many books to choose from that it almost seemed a given that many would not be included. The designs are detailed but not too intricate. Many of the designs spread across two pages and parts of the design are lost in the binding area. In my copy, the pages line up fairly well. What is a problem is that the binding is a hybrid of glue and sewn. It has many stitches and the glue is heavier on certain pages. Those pages are difficult to lay flat for coloring. While there are not many of those pages, the ones that have the issue will be very difficult to color as even when I break the binding, I have to struggle to get my very sharp pencil point into the coloring elements. For this issue, I dropped my review to four star. The designs are derived from Dr. Seuss books rather than exact duplicates. According to the publisher, these are the books utilized: *And to Think that I Saw It on Mulberry Street*, *The Cat in the Hat*, *The Cat in the Hat's Songbook*, *Did I Ever Tell You How Lucky You Are?*, *Dr. Seuss's Sleep Book*, *The Foot Book*, *Horton Hears a Who!*, *How the Grinch Stole Christmas!*, *I Had Trouble in Getting to Solla Sollew*, *If I Ran the Circus*, *If I Ran the Zoo*, *The Lorax*, *Oh Say Can You Say?*, *Oh, the Places You'll Go!*, *Oh, the Things You Can Think!*, *On Beyond Zebra*, *One Fish Two Fish Red Fish Blue Fish*, *Scrambled Eggs Super*, *There's a Wocket in My Pocket!*, *What Pet Should I Get?*, *Yertle the Turtle and Other Stories*, and *You're Only Old Once*. This is what I experienced while coloring in the book and testing my coloring medium on the paper: 46 Designs derived from a few of Dr. Seuss' story books. Printed on both sides of the page Paper is white, medium weight, fairly smooth and non-perforated Hybrid glue/sewn binding that is difficult to open to lay flat Designs reach into the binding area/spine Many designs spread across two pages and important elements are divided onto both pages Alcohol-based markers bleed through the page. These will leak through and mar the designs on the reverse of the page. Water-based markers and

India ink pens do not bleed through but do leave shadows on the back of the page. These will be noticeable on the designs that are on the reverse of your working page. Gel pens do not leak through but require additional drying time. Colored pencils work well with the paper. Though it is smooth to the touch, it still has enough tooth to grab pigment. I tested both oil and wax-based pencils and got good results from layering the same color, multiple colors, and blending with a blending stick.

Very cool coloring book. Love the little quotes in it along with a variety of different pages to color. Would highly recommend!

I adore this coloring book! Quality, quality, quality! Takes me right back to childhood, right where a coloring book should be! Nice & chunky, good sized, well bound, fairly thick pages (printed on both sides, not perforated). Paper has a smooth but very slightly textured tooth. Dry medium would be fine, wet medium might go through pages. There are a few issues, such as, many of the images are split over two pages, so some of the vital parts of the image are right in the crease. Also, most of the images are either just like or VERY similar to the originals, but a few are either given a modern treatment or look like they were traced by someone with a shaky hand. For the price, just what the Dr. ordered!

I am in LOVE with this coloring book. I love all things Dr. Seuss. It's so much fun to color the pages crazy colors. It has a ton of pages, it is also very well put together for a coloring book.

I had already bought my own copy brand new and was telling a friend about it when she pouted, saying she'd never get a copy; so I searched and found this one for her!! With total excitement the day she got it she called and we talked about the fun the book was! Imagine coloring your own Sneetches! or trying to figure out the whatchamacallit the boy took apart! This book is total Dr. Seuss fun with the added pleasure of YOU getting to choose your own colors. Don't you DARE cut out the color pages, but leave them in and just page them through like a story book and remember the stories you used to read! Have fun!

I love the fact I get to not only relive my childhood through coloring, but I get to color Dr. Seuss in my own way. Has a lot of great variety and I love how they put some pages with quotes from the like the Lorax and How the Grinch Stole Christmas!

I LOVE THIS COLORING BOOK! It has the best illustrations and is on heavy paper. (I scan my coloring books into my computer because: 1. They are double sided and I use alcohol markers. 2. I have been known - rarely - to mess up and want to start again. 3. I want to do the same page in different colors. I print it out on exact index card stock that I get on) This book will take you back to all those great memories and it's just plain fun. I'm 52 yrs old and can't wait to start....but this book would be equally fun for a younger age even if they don't stay in the lines!!! :)

I bought this for my son and his kids, and when I saw it, had to get one for myself!!! Since there is already such a good comprehensive review of this book, I will simply add, my kids loved hearing Dr Seuss stories as do my grandchildren; needless to say, this book was a hit! As for me, I love to color, and this book simply makes me smile and feel good when I color in it. Granted not everything is there, but what is, is a joy for me!!! It brings up so many wonderful memories, and that in itself, is more than worth the price of the book!!!
