Customer Reviews

Thomas M. Leonard is professor emeritus at the University of North Florida, Jacksonville, FL.

A great historical review of the history and people that have shaped Honduran society. A plus is that recent history of the country is well documented. This book was able to tie in different academic disciplines for a more complete story. A minus is that the book is full of minor errors such as not capitalizing the first word in a sentence, or having run-on sentences, or not finishing a sentence properly. An editor should have been able to catch these things. I found this slight lack of revision in another of the Greenwood Histories. But, I enjoyed the book and would recommend it.

this book has a series of mistakes - it's incredibleMy God - If you want to know something about Honduras, find it in another literatura
