# The Toad Of Dawn: 5-MeO-DMT And The Rising Of Cosmic Consciousness

## Synopsis

Part autobiography, part introduction to entheogens and visionary substances, *The Toad of Dawn* gives an overview of the history, use, and the benefits of the toad medicine, and reveals how it can be used to initiate people on a spiritual path. In *The Toad of Dawn* Dr. Rettig Hinojosa shows that 5meO-DMT derived from the secretion of the Sonoran Desert Toad is the most profound, most healing entheogen available, even more so than Ayahuasca, LSD, DMT, Psilocybin etc. The author thinks of it as the Master of all entheogens, the one thing that brings someone closest to God, the Divine Source, to the big meaning behind all, and declares it to be the most powerful healer on this planet. The most significant contribution to entheogenic literature since Jeremy Narby's *The Cosmic Serpent*. - Scott Olson. Dr. Octavio Rettig Hinojosa is a Mexican doctor who works with the sacred medicine 5-MeO-DMT found in the secretions of the Sonoran Desert Toad (*Bufo Alvarius*). Under the auspices of the United Nations Venezuela Association, he has traveled extensively throughout the world and shared 5-MeO-DMT with over 6000 people during sacred ceremonies, eliminating chemical addictions, depression, anxiety disorders, insomnia, bronchitis, and trauma. Rak Razam is a founding editor of *Undergrowth*, Australia's leading alternative arts and literature magazine, and the world's leading experiential journalist, writing about and helping shape the emergence of a new cultural paradigm in the 21st century. He is the author of the critically acclaimed book *Aya: A Shamanic Odyssey* and a frequent lecturer on Ayahuasca and the shamanic revival sweeping the West.

Awesome book

Tears merged to the back of my eyes in the recognition of the most profound experience I'm still yet digesting and grateful to have experienced in my life.The poetic touch of Rak Razam and the urgent facts and most generous personal sharing of Dr Octavio Rettigs, have most generously laid down the most intensive and informative read of the powerful properties that the serum of the Sonora desert toads glands have to offer humanity.Exceedingly difficult to put down.Imperative to take seriously.
