Customer Reviews

Celebrating 75+ years as the world leader in the test prep industry,Â Kaplan Test Prep (kaptest.com) is a premier provider of educational and career services for individuals, schools, and businesses. With a comprehensive menu of online and on site offerings as well as a complete array of print books and digital products, Kaplan offers preparation for more than 90 standardized tests,

including entrance exams for secondary, college, and graduate schools as well as professional licensing exams for attorneys, physicians, and nurses.

Helpful for the exam, as it goes over the material as well as give strategies and some questions. After registering the book, you have 2 free full length tests, that you can time yourself as well. Great book, helped me score above average.

This is the best review book out there. I took the OAT once and when I went through the entirety of this book for my second attempt, and used no other materials, I jumped 30 points. I recommend it.

So far so good. Almost about to finish my biology section to move on to chemistry. Really tackles all the basic you need to know.

Horrible online resources. Sign Up through Kaplan to get the works

loved this book. helped me very much with OATs.

it doesn'tÃ¢Â Â‹ come with the practice test.

Quite honestly this book did not prepare me for what was on my test. I read the entire book, studyed all the material from it and even did practice tests for it. I recently took my test and did do better on it than I was doing on the practice tests. However, I do not feel it prepared me for what was one the exam at all. I am sorry to say that

Great product
