My mother who is 82 years old, loves these books and does them daily.

My better half really enjoys doing these word search puzzles and I bought this for him. Needless to say he is working tirelessly to finish it, but he does not know that there is already another one on the way. This is a great way for us elderly folk to pass time without being tied to a phone or computer and it is helpful to keep your mind occupied and busy and is also rewarding when you find that last word...

Gift for granny. Print is large enough anyone can see without strain.

My mom loves it.

My 71 year old mother loves it!

Sent as gift didn't see it.

This Book has been hours and hours of fun for my family. The text is large enough that I do not have to struggle to read the print. I usually have trouble reading the print in most everything these days but this large print has brought not only me but my whole family many hours of fun. It is very clear. I just let this on the coffee table and I have seen each of my family pick it up and either continue on a puzzle that one of us have not finished or they may even start a new one. Either way it's been easy enough for even my 6 year old has been able to find words. This is a fun book.
