# Public Administration And Law (ASPA Classics (Paperback))

## Synopsis

Public Administration and Law has been edited for use as a supplement for an undergraduate or MPA level course on administrative law. The selections, all from the pages of Public Administration Review, have been chosen to enlighten and enliven the contents of any standard administrative law textbook. Each of the book's main sections begins with introductory text and discussion questions by the volume editors, Julia Beckett and Heidi Koenig, followed by relevant readings from PAR. The book's contents follow the standard pattern established by the field's major textbooks to facilitate the instructor's ability to assign readings that illuminate lectures and text material. The book concludes with two invaluable resources - a bibliography of 65 years of PAR articles concerning public law, plus a bibliography of law-related articles appearing in other journals published by ASPA.

## Book Information

Series: ASPA Classics (Paperback)

Paperback: 280 pages

## Customer Reviews

"It is high time that scholarly articles about public administration and law earned the title 'classics' and are now available to students of public administration in an accessible and well-organized form. This collection will provide an excellent historical context and the basis for a renewed awareness that every public management reform occurs within a constitutional and legal framework that preserves essential values."

The text book came on time and was in excellent condition. The book was a required reading for the class I am enrolled in in a Master's degree program at Golden Gate University in San Francisco, CA.

I paid almost \$18 for one day shipping and did not receive the product until about a week later. This was a very big inconvenience for me.
