So, I can't say that this is the best language learning program that I've ever used....but it's got to be the most creative. Very good for some laughs. I'll probably remember a lot of it just because it's VERY different. As one who has had the use of 2 other Italian programs plus 2 semesters of Italian in the classroom - I can't say that this is a very thorough method, nor is the pronunciation very easy to understand on some of the presenters. Having said that though, this is the cd program that I will have my husband listen to. He will likely remember a few words here and there because of the approach and he has no desire to have an in-depth understanding.

This concept has helped me learn this and two other languages. I'm not fluent but I have a fair

understanding of what is being asked of me, and how to ask something from someone.

I am using several different methods of learning Italian. This is a great starter or supplement. I've used for both of my trips to Italy and it helped me feel comfortable enough to ask directions, order food, buy train tickets. It's not the most thorough, but it was great for a week in Italy. The first time I went, I was in Rome and barely needed it as nearly everyone we encountered spoke English. The second time I went, I was in various cities in northern Italy. Outside our hotels, we really needed some Italian language. One time we couldn't figure out the gas pumps and I was able to ask for help from another customer (it was after hours). I've used Pimsleur as well, but not for a few years. So, everything I used was from Dr. Blair's program. I would suggest listening to it straight through at least once. Then going back a few times and repeating the words and focusing on the exercises. This is what works best for me, you might do well to try doing the exercises the first time through.

I love Dr. Blair's method of teaching a language. It's such a unique and entertaining way to learn to speak Italian. Other methods that teach by rote are so boring... I know, I've tried them. Thank you Dr. Blair for an educational, fun journey! (Loved your Japanese program too.) Now I can't wait to get to Italy and surprise my family with what I've learned!

I found this product molto buono-very good-for what I needed. I wanted to learn a comfortable amount of Italian for a long summer vacation in Italy and I had little time to do it. This was perfect. Grazie.
