# Pascual And The Kitchen Angels

## Synopsis

When Pascual is born, angels fly down and sing to him from the trees. When he sings to the sheep as a little boy, they sing back to him. But when Pascual joins the Franciscans, they send him to the kitchen. Pascual doesn't know how to cook even a cup of beans! That's when the kitchen angels fly down, and delicious dinners appear on the friars' table night after night. Finally the friars peek in to see how Pascual does it, and what they see shows them what a blessed man is living among them.

Grade Level: Preschool - 3

## Customer Reviews

Grade 1-4--DePaola brews up a delightful retelling of the life of the patron saint of cooks and the kitchen. On the day of Pascual's birth, angels sing in the trees, and his father realizes that "God must surely love him." Acrylic illustrations with soft pastel backgrounds show Pascual as a little boy, frolicking joyfully with animals and hanging garlands of flowers around the necks of sheep. The winsome paintings capture his serene spirituality as he and the creatures lift their voices toward heaven. Simple, well-chosen words reflect the youngster's sincere love for God and all of His creatures. When Pascual is older, he goes to the monastery of Saint Francis, hoping to become a friar and help the hungry. However, the friars ask him to make their meals. Knowing nothing about cooking, Pascual bows his head and prays. Suddenly, apron-wearing angelic visitors "swoosh in the air above him" and then descend to concoct a feast. Curious about the delicious meals coming from

the kitchen, the friars spy on the dinner preparations and learn the truth. Realizing how much God values him, they decide to take a joyful Pascual with them to feed the hungry. Framed by light peach watercolors splashed with rainbow-colored droplets, the illustrations beautifully complement the celestial mood. An author's note provides some background about this humble man.--James K. Irwin, Poplar Creek Main Library, Steamwood, IL Copyright © Reed Business Information, a division of Reed Elsevier Inc. **\*Starred Review\*** PreS-Gr. 2. In his continuing series of books that look at the lives of the saints, dePaola introduces one who is perhaps lesser known in the pantheon, but who makes a delightful subject, nonetheless. The angels sing from the trees when Pascual is born, and as a boy, Pascual communicates with the sheep he watches over. Pascual, known for his generosity, joins the Franciscan friars as a young man, but when he is assigned to kitchen work, he despairs; he can't cook a bean. Not to worry. The angels, who have observed him from birth, are happy to prepare meals while Pascual kneels in prayer. This story, with a tender, light feeling, is an ideal vehicle for dePaola's familiar images, here dappled with whimsy. Particularly charming are the pictures of the young Pascual so attuned to the animals that he sings with the sheep, each one of which wears a garland he has made. However, it is the young angels, flitting across the cover and the inside spreads, wrapped in aprons and busily gathering ingredients and cooking, that steal the show. A dear book, with an author's note that reveals more about the saint. Ilene CooperCopyright © American Library Association. We love this book! My three year old has requested it to be read over and over for almost two years now. We have a vast book collection, so the fact that she chooses this one so often really shows how much she loves it. The pictures are great, just like the story. There are only a few sentences per page, so it is perfect for young readers. We love all Tomie books, but this one is our favorite. In fact, I am looking for a small St. Pascual statue to keep in my kitchen so that when my little girl is all grown up I will still have a reminder of all our happy readings of Pascual and the Kitchen Angels.

This story was great for reading to my first grade Sunday School class when we were talking about angels and guardian angels.

Good Catholic story about a real Saint.

This is a great book about St. Pascual and his miraculous cooking! My kids really enjoy it, and the pictures are, of course, wonderful, being Tomie dePaola's.

Great book to learn about St Pascual Tome dePaola is a wonderful author of children's books.

I really liked this fun and intestine legend about Pascual

I really enjoyed this book. I have read many of Tomie de Paola's books and bought a few of them especially the ones with religious themes. They are simple but with a great story and message. I started this book with even knowing it was based on a real saint St Pascual Baylon and liked it very much.

Great book
