Customer Reviews

HRW English Workshop: Student Edition Grade 11

This is a great resource for high school students and parents alike. With the PSAT, SAT I, & SAT II focusing more on the rules of standard written English and essay writing, this book can be an invaluable resource to guide students through the grammar rules they were taught, but may not remember...how many of you remember what a dangling or misplaced modifier is? This book outlines the rules and gives helpful examples with numerous follow-up exercises, and it devotes entire sections not only to English grammar, but also to writing activities and exercises. I would recommend getting the answer key and "skipping around" in order to build upon previous lessons. This is the final book in the series, and is most likely to help those in grades 11-12.
