# Buddhism: World Religions (World Religions (Facts On File))

## Synopsis

"Buddhism, Third Edition" tells the story of Buddhism's origins and its development into three major schools of thought - and presents the particular beliefs and practices of those schools of Buddhism that still flourish today. This fascinating volume explores the concept of the "socially engaged Buddhist," the growth and practice of Buddhism in America, and the recent changes in its caste system. All material in this volume has been revised, updated, and expanded to reflect any changes that have occurred since the last edition. Coverage includes: Introduction to the modern Buddhist world; The life of the Buddha; The spread of Buddhism; The varieties of Buddhism; The literature of Buddhism; The arts and Buddhism; The year in Buddhism; and Buddhism today. --This text refers to an alternate Hardcover edition.

## Customer Reviews

Grade 7-12-- These two titles follow the pattern of other titles in this series, and provide a detailed and quite comprehensive discussion of the religion and its influence on culture and history. The Hooblers show how the beliefs and writings of Confucius and his followers were codified into elaborate rules and rituals throughout Chinese history and how Confucius became defied by many in the process. They discuss the different schools of thought and practice, and their spread into other Eastern countries, particularly Japan and Korea. Finally, the authors describe how Mao and the communist regime set out to destroy both the religion's influence and its heritage. Wangu begins with an introduction to Buddhism today, discussing its ability to coexist and comele with other

religions in the East. He then describes Buddha's life; how the religion spread beyond India's borders; its multiple varieties; its effect on literature and the arts; and its rites, festivals, and religious observances. Both titles are illustrated with black-and-white reproductions and photographs. They are clearly written, but the amount of detail may overwhelm students with no background in the subjects. --Jane Gardner Connor, South Carolina State Library, Columbia Copyright 1993 Reed Business Information, Inc. --This text refers to an alternate Hardcover edition.

"...provide[s] a detailed and quite comprehensive discussion of the religion and its influence on culture and history." - School Library Journal" --This text refers to an alternate Hardcover edition.

An easy read and simple explanation.

This book covers the history, spread and influence of Buddhism in a concise clear and complete manner. As a Buddhist I can get lost in the various beliefs and how they relate to Christianity. This book clearly explains the important elements and how they relate to contemporary life. I read every word, and will refer to it when I get lost in the deeper teachings- it will re-focus me.

I loved this book! My daughter brought it home as a text book. I have read a lot of books about Buddhism, but most dive into the teachings, and this book gave a great deal of context, which I really appreciated.

it is interesting st first but failed to elaborate more on the story of how buddhism came about
