Having used DK Eyewitness Travel Top 10 guides for years, I was disappointed they had no guide for Ottawa and purchased the Frommer's guide for my Kindle. I really found the format almost

unusable and uninteresting! Of course the information is there, but using it was a chore rather than a pleasure! I won't be buying Frommer's again.

The guide have the information but no illustrations and the city maps are small.

This was a good investment. We visited friends in Ottawa September 2012. The book had a few places that they didn't know about. It gave me a good orientation to the area before visiting.

I use Frommer's guidebooks often, and this one is a winner. It and Quebec, Toronto, and Nova Scotia, etc. are guiding my early summer trip.

The descriptions and maps proved very helpful during our recent visit to Ottawa. thanx for sending it in a timely way.

This is a good guide for three or four days in Ottawa. There could be more, but it is certainly good enough.
