Grade Level: 3 - 7

Customer Reviews

PopGr 2â "4â "This illustrated "biography" of Wonder Woman tells her origin story with clear, simple language and detailed, comics-style illustrations. Children new to chapter books will find it accessible: chapters are short, almost every page contains an illustration, and the large typeface is surrounded by ample white space. All characters are outlined in an illustrated and annotated list of "Friends, Foes and Family," and there is a time line of events, a list of "Fast Facts," and a glossary. As long as children know that Wonder Woman may not fulfill a history assignment, this is an enjoyable read for those new to chapter books or to Wonder Woman. Existing fans of the superheroine, though, will not find anything new here. VERDICT An appealing chapter book for superhero fans graduating from easy readers.â "Lisa Goldstein, Brooklyn Public Library

This is more of a short synopsis of information on Wonder Woman written for children to preteen. I've read it and it gave me more information on my favorite comic book heroine.

My daughter enjoys this book. It is appropriate for 8 year old minds.

Great Kids introduction to the characters and worlds of DC Comics.

love it

You get to understand her back story a little better. I would definitely recommend this book to anyone who loves action hero stories.

I liked that Diana got to fight with other great superheroes like superman, Bateman, and The Flash. She is an amazing woman.
