Customer Reviews

I thought this was going to have some interesting tidbits about Nashville. It's basically a guide to historical signs that are in Nashville and nothing more. Very disappointed.

I wish this book was available 8 years ago when I was living in Nashville! I missed out on so many fun stories and things to look for and do while I was a part of the city! I loved this book and now I'm anxious to visit Nashville again and look for the new landmarks, and know stories behind some familiar landmarks as well. I enjoyed the stories, the humor and best of all, the fun facts. It's a light and easy read but I promise you'll be flipping through these pages each time you visit Nashville, so you can make sure you really do know Nashville. I can't wait for a second volume. If you are planning to take a trip to Nashville, this book will make the trip extra special. It's worth the purchase. (Especially if you like Garth Brooks trivia.)

It's always nice to get "local" inside information about a place. But this is way more than that. This is the locals guide for locals as well as tourists! There is so much I didn't know about my own home town! History, fun facts, and so much more. I seriously recommend this book for both tourists and locals. See Nashville the way it was meant to be seen!
