David Urick, one of the most successful and respected coaches in the game today, has written excellent work on the fundamentals of lacrosse. It will benefit players, coaches, and spectators at all levels. (Don Zimmerman, Head Lacrosse Coach, University of Maryland Baltimore County)

David Urick is the current Men's Head Lacrosse Coach at Georgetown University and was inducted into the Lacrosse Hall of Fame in 1998. He lives in Washington, D.C.

If it is in coach Danowski's library it has to be a worthwhile addition to mine. Every lax coach can benefit from reading and referring to it

Godson is loving the book!

This is just what we needed as the perfect gift for a grandson who has recently started playing LaCrosse. He was pleased to receive it.

Good sound advice for the novice to intermediate player. Would recommend if you can get it for a good price

I gave this as a gift to my cousin who was starting out in high school Lacrosse. I wanted to pick something that wasn't too basic, and this book had some good details on some basics but also strategy and drills.

I had signed up for an online course in coaching lacrosse and this was the textbook that was offered. Unfortunately, the family did some housecleaning and the original text was thrown out! After careful searching, I found this replacement text online. It is the exact same one! Good book (I previously, years ago, had bought one Sports Illustrated had created on basketball when I was thrown into a situation of coaching that sport as a first year teacher-and I was a wrestler by trade). The basketball book allowed me to finish .500 with a mismatch group of kids.
